(Lights up on Toby, Who stands unassumingly at center.)

TOBY

I might be the one man you'll find who can't enjoy oral sex. No matter how much it happens. No matter who gives it to me. Even after countless hours of therapy. I just can't relax. It's like I'm paralyzed with fear. Even talking about it with a room full of strangers makes me uncomfortable. Because it brings me back to that day. I was fourteen. Hormonal but not pubescent. It was like there was something going on but I didn't know what it was. I was masturbating sure, but nothing would happen. I was what some might call a late bloomer. All my friends had grown; grown up; grown pubic hair. Its like the gun went off and my friends were all racing to the track but I couldn't even get out of the gate. So it was a hot Saturday afternoon, in London, I was at my friend's house in the pool. We were swimming and fucking around, no big deal. And as I sat there tanning, my friend, Jake, began idly playing with the pool vacuum, which he had aptly named "Mr. SUC". He ran MR. SUC down one arm and then the other, then held him in one place for a while. He then removed the vacuum from his arm, and showed me proudly, "Look, MR. SUC gave me a hikki!" Then it came to me, maybe this ordinary pool vacuum could be the answer. The holy grail of my pilgrimage to sexual awakening. Maybe this thing made of plastic and metal could be that precious object which would perform continuous everlasting oral sex. "Jake does it give blow jobs?" I asked impatiently. "I don't know ...Try it," Jake replied, now obviously contemplating the treasure we might have just discovered. I took "MR. SUC" in one hand and removed my shorts with the other. Which elicited a laugh from Jake. I then placed "MR. SUC" on my shrunken flaccid penis. The vacuum formed an airtight seal around my privvies sucking them steadily toward the filter. I was instantly erect. What Jake and I didn't realize is that inside a pool vacuum there's a rotary carbine thing. Like a paddle boat's paddles. This thing moves at very high speed. My penis grew inside the vacuum and suddenly started getting sliced and diced by the spinning carbine. Again and again, multiple times per second a flat dull plastic blade would scrape the head of my penis. Like a hundred thousand circumcisions in short succession. Finally, Jake unplugged the vacum and which broke the airtight seal. I removed my now battered penis from that tool of death, to look at it in the afternoon sunlight. It was like a war torn soldier, battered

and bruised, and yet still standing at attention even though it had lost a lot of blood. Since that day, any time I think about oral sex I get phantom pains in my genitals. And that day motivated me all these years later, when I finally got my penis pierced, to get a cock ring with a purple heart. Penis, I salute you.

(Toby salutes. Black out and music.)

**SCENE 2**

(Lights up on a Kiel.)

KIEL

Penis Fact! In his infamous study, Dr. Alfred Kinsey discovered that in his clinical penis size survey the average penis size of 3,500 college students was six inches in length when fully erect, and four and three quarters inches in girth. In more recent studies those numbers have been significantly lower.

**SCENE 13**

(The cast reassembles on the stage, like the second part of the sleep over.)

MARC

Once we covered the whole name issue we just got engrossed and started talking about everything penis ...which may or may not have been the best decision...

(Marc joins the guys.)

MIKEY

Okay ...I always get hard watching national geographic. I don't know why. No matter if they are talking about insects or aborigines, I'll get hard; its weird.

HUNTER

One time I took out my penis in Spanish class, you know to show it to the girl next to me, and said "me pene esta muy bigo."

MARC

Don't you hate it when you get soap in your dick hole, it stings for like an hour.

JEFF

Yeah or broken glass ...that sucks too.

**PENIS PLAY (play)** by BRIAN CRANO ©

ELIOT

No don't you hate it when you have to  
piss with a hard on.

BRIAN

No, no. The worst, and I'm sure you all can relate,  
Is when every three months you break out in painful  
red bumps all over your genitals...

(Beat)

Guys?...That's normal, right?

HUNTER

Uhh...I don't think so, Bri.

BRIAN

Really... Ha ha ...I was just kidding ...  
I meant to say, don't you hate to piss with a hard on.

ELIOT

You guys ever play cock horseshoes.

MIKEY

What? What Horseshoes?

ELIOT

Cock Horseshoes ...One guy gets hard, he goes  
to the side of the room, and then ya pitch what  
you can, just like regular horseshoes.

JUSTIN

So you throw real horseshoes?

ELIOT

No way, compadre, back in school  
my friends and I would use a head of  
lettuce with a hole drilled in the center of it.

JUSTIN

You frighten me.

ELIOT

What?

BRIAN

Okay guys, what, like if I wasn't kidding  
about the red bumps what wh-what would  
someone do about them. 'Cause it's funny,  
red bumps, I mean.

MIKEY

One time I got hard while watching my  
grandmother sew mittens. Is that weird?

PENIS PLAY (play) by BRIAN CRANO ©

HUNTER  
Mittens?

MIKEY  
Yeah, mittens.

HUNTER  
Interesting.  
(Hunter falls into deep thought.)

JEFF  
I don't care what girls say, I don't think size matters. I mean the vagina can only take four and a half inches--

BRIAN  
No, you can only give it four and a half inches.

JEFF  
Fuck you.

MIKEY  
I'd be careful Jeff, he said he has red bumps all over his penis.

BRIAN  
I said I was kidding!!!

(Kiel enters from upstage.)

ELIOT  
Where were you?

KIEL  
Having a wank.

MIKEY  
Are you serious?

KIEL  
Yeah, all this cock talk got me going.

MIKEY  
I hope you washed your hands.

KIEL  
Of course, I always wash my hands after I masturbate.

BRIAN  
I don't. I only wash my hands when I shit on them, which happens tops, tops, twice a week.

HUNTER

**PENIS PLAY (play)** by BRIAN CRANO ©

(Coming out of thought.)  
Hey, Mikey.

MIKEY  
Yeah?

HUNTER  
What color were the mittens?  
(Blackout.)

**SCENE 16**

(Lights up on Quincy.)

QUINCY  
Oral sex, next to, of course, The Stillwater Soap Box Derby, is the most pleasurable thing in the world. I mean letting yourself go in a girls mouth gives you the most inexplicable feeling ever, next to, of course, winning the Stillwater soap box derby. I mean there are so many different kinds of blow jobs, hell even girls with braces can get you off if they know what they're doing. And the risk factor makes it exciting.  
You know, when a girl starts kissing your chest, and moving south towards the plantation, it's kinda like ...watchin' your soap box car take an early lead, you can just sit back, relax and cruise to the finish line. I try to let her know that I appreciate her efforts by saying things like, "This feels so good," or, "Yes," or, "This feels just as good as watching the Stillwater soap box derby."  
But this year, 'cause of school, I missed the soap Box derby and have consequently been off my game. I haven't had oral sex in a long time. Where is it? Why has it eluded me? I mean I'm a nice guy; and hell, I've won two gold medals, at the derby, and a bronze the year I sprained my leg. And I won the most sportsman-like competitor award every year I competed. So what gives? Do I need to be rude, be a bad guy? Wherein lies the key to getting oral sex? I almost forgot ...spits or swallows? When a girl spits...  
it's kinda like winning the bronze. But when she swallows it's like winning the gold. You still win the race but it's a little bit nicer. Well I guess I'll keep looking for oral sex,  
but I'm looking on the bright side, kinda like the finish line at the Stillwater soap box derby, I guess you'll eventually find it, unless you make a left at the berry patch,

**PENIS PLAY (play)** by BRIAN CRANO ©

then you'll end up bleeding with a sprained leg at the  
bottom  
of the ravine, and who would want to suck your dick then?

(Blackout.)
